

EVENT DESCRIPTION

Tired of just making circuits?.....Want to delve a bit deeper ?.....Don't worry because we are there for circuit freaks like you...

Convolution 2k19 presents you a newly conceived experienceTECH HUNT.....

The **PRELIMS** will be a pen and paper round comprising of objective type questions, where your technical aptitude will be tested.

Each team can have maximum three members.

In the **FINALS** consisting of three rounds, some prefabricated circuits would be provided for an in depth analysis and modification to meet the given criteria. It will be a riddle of circuits where clearing every round will enable the participants to unlock some clue required for solving the circuit in the next round. Any circuit freaks out there can join this exciting and mind stimulating treasure hunt.

RULES

1. Only UG students are allowed.
2. No entry fees !!
3. Judge's decision will be final.
4. No use of external sources of knowledge or calculators will be required.
5. Other basic ground rules will be explained on event day.

KNOWLEDGE PREREQUISITES

1. Analog Electronics.
2. Digital Electronics.
3. Basic Circuit Theory.

CONTACTS:-

1. SUGATA SEN : 7980084089
2. MOUSAM DUTTA : 7003764818
3. ROUNAK SIKDER : 9046714034
4. RUDRASHIS CHAKRABARTI : 8981457758
